

Extended Pre-Trip-Inspection Report

| | | | |
|-----------------------|--------------------|-----------------|-----------------------|
| Container No. | Serial No. of Unit | Machinery Type | Ambient Temperature |
| TRU 680040-4 | — | Carrier | 77°F |
| Date of Inspection | Location | Service Company | Signature of Mechanic |
| 6-20-23 | Wood Bridge NJ | TTC | ms |
| Remarks: 2014 Unit | | | |

| Visual Check | | | OK |
|--------------|---|--|----|
| 1 | Damage to Container or Reefer Unit | | ✓ |
| 2 | Damage to Baffle Plate and Unit Rear Panel | | ✓ |
| 3 | Mounting of Refrigeration Unit at Reefer Box | | ✓ |
| 4 | Loose Mounting Bolts on Refrigeration Unit; Vibration of Rotating Parts | | ✓ |
| 5 | Remove External Decal (Don't remove original NON-Foodstuff Decals from the Box) | | ✓ |
| 6 | Function of Drain Hose and Drain Holes | | ✓ |
| 7 | Watertightness and Fastening of Electrical Terminals and Connections | | ✓ |
| 8 | Gas Leak and Oil Leak | | ✓ |
| 9 | Refrigerant Moisture Indicator | | ✓ |
| 10 | Compressor Oil Level | | ✓ |
| 11 | Cleanliness and Corrosion of Condenser Fins | | ✓ |
| 12 | Condition of Plugs, Wirings and Cables (length of Power-Cord must be at least 18 m) | | ✓ |

| Insulation Resistance of Heaters and Motors (min 1,2M Ohm when warm) | | | | OK |
|--|------------------|---------------------------------------|-------|----|
| 13 | Compressor | Please note Value: Scroll Comp Silver | M Ohm | ✓ |
| | Condenser Motor | Please note Value: | M Ohm | ✓ |
| | Evaporator Motor | Please note Value: | M Ohm | ✓ |
| | Heater | Please note Value: | M Ohm | ✓ |

| Operational Check | | | OK |
|-------------------|---|--|----|
| 15 | Unusual Noises | | ✓ |
| 16 | Function of Indicator Lights during start-up of Unit | | ✓ |
| 17 a | Settings: Temperature Readings in °C | | ✓ |
| b | Defrost Timer 6h or 12h | | ✓ |
| c | Vents and Drain Holes closed | | ✓ |
| 18 a | Control Software Version Please note Installed Version: | | ✓ |
| b | Configuration, Header of Datalogger (Container Id, Date, Time--->UTC) | | ✓ |
| 19 | Switch off Options like USDA, De-Humidification, etc. if not otherwise required | | ✓ |
| 20 | Control Sensor Grading (Only on Thermo King CRR units) | | NA |
| 21 | Backup Battery Condition | | ✓ |
| 22 | Calibration or Alignment of Fresh Air Logging Device | | ✓ |
